The Partner Abuse Interview (49)

“Many people, at one time or another, get physical with their partner when they’re angry. For example, some people threaten to hurt their partners, some push or shove, and some slap or hit. I’m going to ask you about a variety of common behaviors, and I’d like you to tell me if your partner did these during the past year.”

For each behavior answered “no,” put a “zero” in the appropriate box and ask if the patient was bruised or injured in any other way.

If the answer is “yes,” code “1” for no injury, “2” for possible injury, and “3” for injury.
